**Welcome New Members**

eabh is delighted to welcome the following new member:

Bank Gospodarstwa Krajowego (BGK), the Polish development bank, is the only institution of this type in Poland. Its mission is to support sustainable social and economic growth in Poland. BGK was founded in 1924 by a decree of the President of the Republic of Poland as part of Prime Minister Władysław Grabski's plan for the recovery of the state treasury. It was created by the merger of three public banks from Galicia (a region under Austro-Hungarian authority) – the Polish Domestic Bank, the State Reconstruction Bank, and the Credit Institution of Malopolska Cities.
