**MEDIOBANCA**

### Mediobanca

It has been 75 years since the inception of Mediobanca. CEO Alberto Nagel has described the key values that shaped the bank's corporate culture, which continues to be based on the same principles of competence and attention to detail. The occasion of his speech was the presentation of the book 'Mediobanca and Italy's International Economic Relations' by Giovanni Farese. The book has been written based on documents held in the Mediobanca 'Vincenzo Maranghi' Historical Archive, which was set up in 2012 and is now a crucial part of the Italian banking sector's cultural heritage. The Archive has been open to the public for consultation since 2019.
